Figure 1 is a perspective view of a light bulb 1001. The bulb 1001 has a bulbous upper portion and a threaded base. A filament 1002 is visible inside the bulb. The upper portion is defined by a glass envelope 1003, which includes a top rim 1003a and a side wall 1003b. A label 1004 points to the side wall 1003b.
